

Legal aspects in the organization of a sporting event

Advanced specialized training

From October 20 to November 12, 2025

With the support of:

**Entelequia
& Partners**

 **BARCELONA
SPORTS
HUB**

Introduction and objectives

The course Legal aspects in the organization of a sporting event offers a practical and personalized learning approach, supported by theory and research. It focuses on analyzing the legal issues surrounding the organization of sporting events—from the considerations involved in choosing a host venue, to dispute resolution and prize taxation.

Students will acquire the legal knowledge and regulatory skills necessary to successfully lead the organization of a sporting event, while also developing competencies that support their professional goals in the sports industry.

Essential content for future Sports Law professionals and the leaders of the new era of sporting events

Format and enrollment

The course Legal aspects in the organization of a sporting event provides an intensive learning method that enables students to make the most of their time, promotes fast learning, and facilitates the achievement of short-term goals.

Who is it for?

The course is designed for anyone interested in acquiring specialized knowledge about the legal aspects surrounding the organization of sporting events, regardless of their role or position in the industry, including:

- **Lawyers and professionals in Sports Law** seeking to deepen their understanding of legal aspects.
- **Directors and managers responsible** for planning, coordinating, and executing events who need a solid understanding of legal aspects to ensure regulatory compliance and mitigate legal risks.
- **Sports organizations** of all kinds, to guarantee the success and regulatory compliance of events.
- **Professionals in the sports industry** such as sponsors, sports agents, media representatives, etc.
- **Sports management companies and event organizers** wishing to understand the legal aspects that affect their operations and business relationships.
- **Law students and students from other fields** interested in deepening their knowledge to specialize in this area.

Benefits for the student

→ **Specialized knowledge**

A deep and specialized understanding of the legal aspects related to the organization of sporting events.

→ **Professional update**

The opportunity to update acquired knowledge about regulations and legal frameworks.

→ **Risk management**

Acquire the skills necessary to identify and mitigate legal risks, helping to prevent costly legal disputes and protect the reputation of organizations and their events.

→ **Leadership capacity**

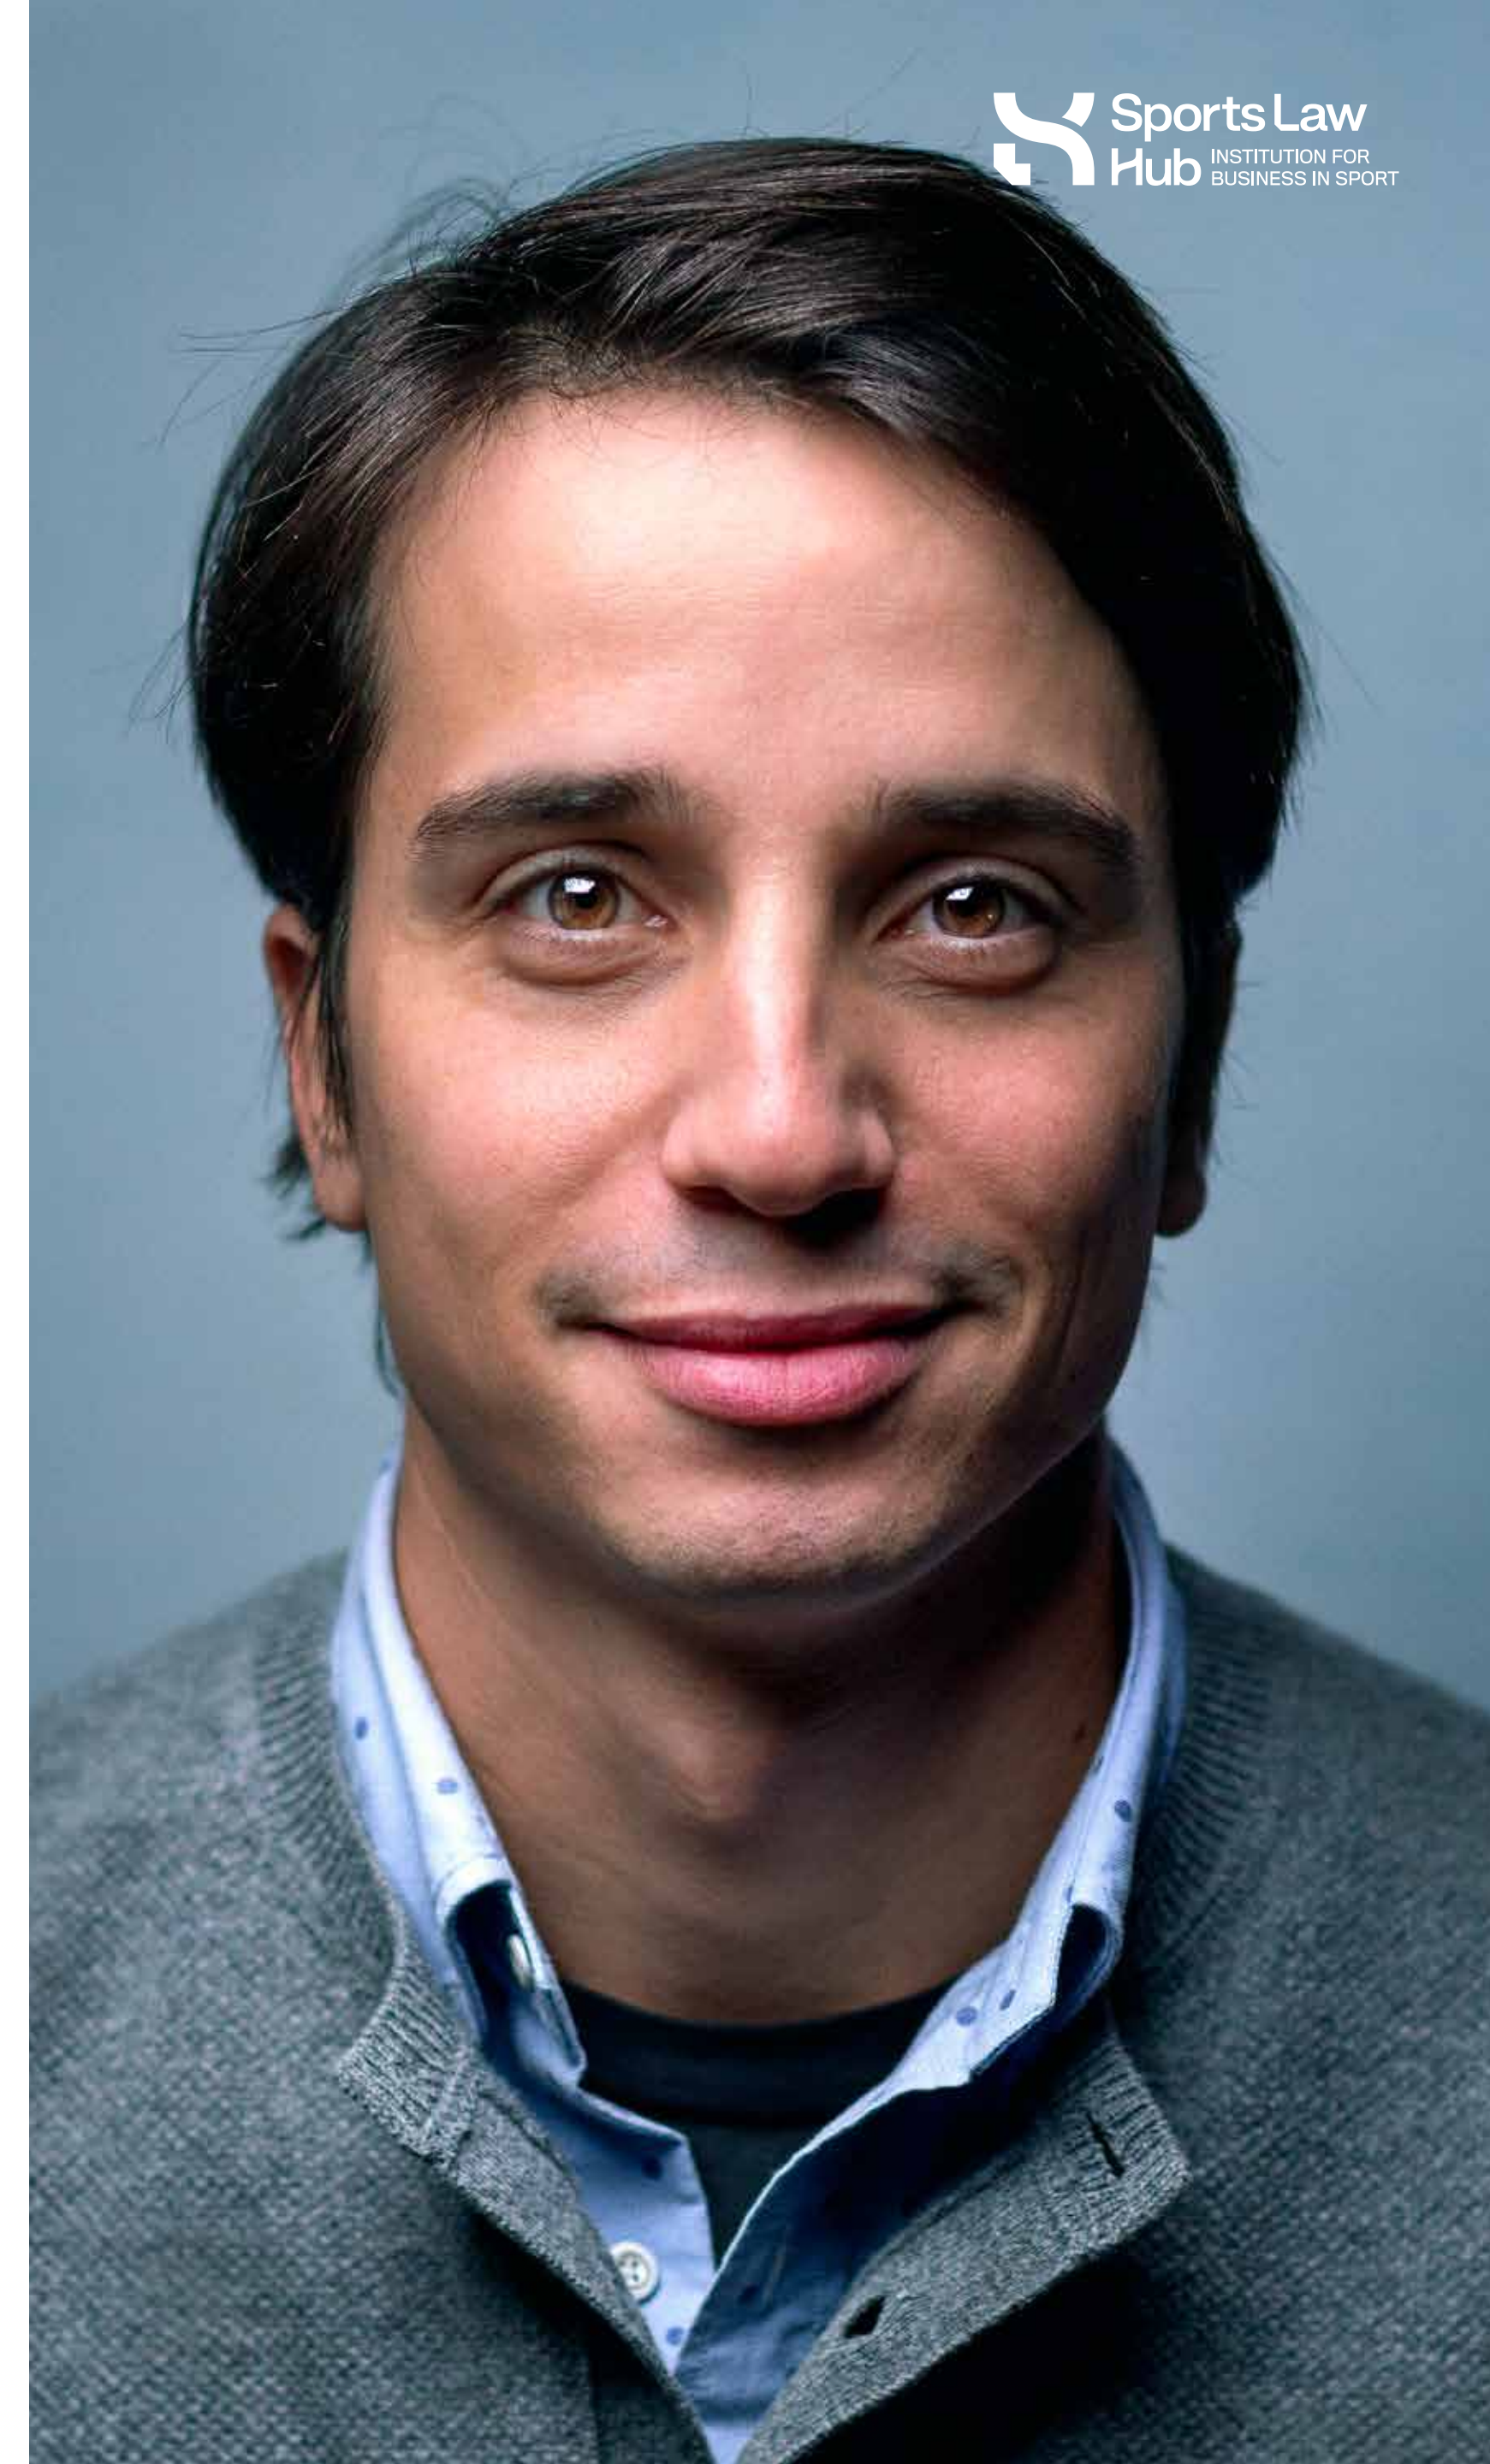

With such specialized knowledge, decision-making will be consistent and strategically oriented.

→ **Networking**

Build connections with other professionals in the sports-legal sector, which can lead to future collaboration opportunities.

→ **Learning flexibility**

Attend the course from any geographic location and balance training with the student's daily work demands.

Faculty

The course is taught by a team of highly regarded lawyers specialized in Sports Law, with extensive experience in international sports organizations connected to the sports industry.

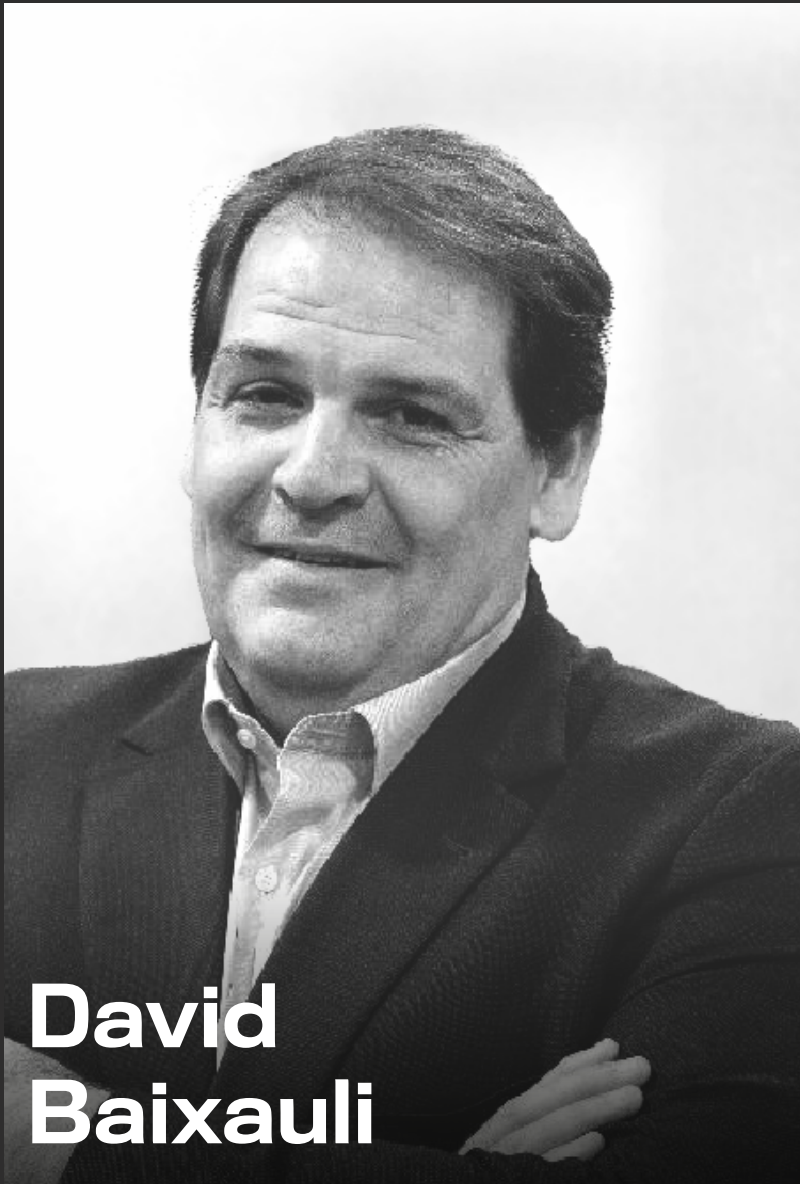

These professionals lead the legal or sports management departments of sports entities and prestigious sporting events. Their broad knowledge and extensive experience guarantee quality. They will guide you in mastering the essential aspects needed to successfully lead the organization of a sporting event: a combination of advanced theory and real cases that will prepare you to excel in this competitive market.
